Request for Certificate of Correction Under 37 C.F.R. § 1.322

Attn: Certificate of Correction Branch

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. § 1.322 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to mistakes which appear in the printed patent. These mistakes were made by the U.S. Patent and Trademark Office.

Specifically, the printed patent contains the following error for which a Certificate of Correction is respectfully requested:

On the face page, first column, section (73), please delete "**Cytos Biotechnology AG, Zurich-Schlieren (CH)**", and insert therein -- **Cytos Biotechnology AG, Zurich-Schlieren (CH); Novartis Pharma AG, Basel, Switzerland (CH)** --. While Patentees are aware that the only Assignee listed on the Issue Fee Transmittal Form in section 3 entitled, "Assignee Name and Residence Data to be Printed on the Patent," is Cytos Biotechnology AG, Patentees believe that there is sufficient support for the need for correction of this error to be considered to be an Office Mistake. Specifically, Patentees note that according to the records of the Assignment Branch of the USPTO, the present

patent was assigned to the assignee not designated as such on the face page of the issued patent (*i.e.*, Novartis Pharma AG) during the pendency of the application that resulted in the captioned patent, as reflected in the Notice of Recordation of Assignment recorded January 23, 2004, corresponding to reel/frame no. 014280/0677; whereby inventors, Rainer Ortmann, Rainer Luond, Matthias Staufenbiel, and Peter Frey assigned their rights to Novartis Pharma AG. Additional support can be found on the Official Filing Receipt dated March 29, 2004. Copies of both the Notice of Recordation and the Official Filing Receipt are provided herewith.

Remarks

The above-noted corrections do not involve such changes in the patent as would constitute new matter or would require reexamination.

A completed Form PTO/SB/44 accompanies this request, with the above-noted corrections printed thereon. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

If Patentee's foregoing comments do not satisfy the requirements set forth under 37 C.F.R. § 1.322, then the Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
